To Whom It May Concern,

This letter serves as formal certification that all active knob and tube wiring has been removed from the above-referenced property.

Our team performed a comprehensive inspection and full removal of all accessible knob and tube wiring systems within the structure. All affected circuits have been replaced with modern, code-compliant electrical wiring methods in accordance with current applicable standards.

To the best of our knowledge and based on the scope of work performed, the property no longer contains any active knob and tube wiring.

If you require additional documentation, inspection reports, or verification, please contact us directly.
